I Like to Help My Grandmother

I like to help my grandmother.

I help her do a lot of things.

I like to help her make  cookies.

It is a neat thing to do with her.

We mix things together. We lay the  cookies that need to be baked on a baking pan.

We bake them, and soon we have  cookies to eat. Yum!

I Like to Make Art

I like to make art. It is a fun thing to do.

I sit on the floor and make cool works of art.

My cat sits and looks at me when I make my art.

He must think it is fun to just sit and see the art that I make.

I am happy that my cat seems to like my art.

I Went to the Zoo

I went to the zoo last week.

I went with my mother, father and sister.

It was fun, and we stayed all day.

We got to see a lot of animals.

It was neat to see the zebras.

Zebras look like black and white horses.

I want to go back to the zoo next week.

Jack the Fox and Nell the Rabbit

Jack is a fox, and he likes to read.

One day he was reading a great book.

Nell is a rabbit, and was getting a  carrot from a garden.

Nell could see Jack coming. She was still.

Jack did not look up from his book but just kept going.

Nell was glad. Foxes like to go after rabbits.

Sparky the Kangaroo

I am Sparky the kangaroo.

I like to jump.

I also like to play basketball.

I jump with the basketball and shoot.

Whoosh! The ball goes into the basket.

It is so cool when I make a basket.

Do you like to jump and shoot when you have a basketball?

This Ball

Last week I got this ball.

My mom got it for me, and I like it.

It is so fun to play with.

I can run with it. I can kick it.

My friends and I can play with it together.

They think that this ball is neat.

I am so lucky to have this ball.

 Washing the Dishes

After we eat, the dishes need to be cleaned.

My mother and my father made the meal.

I help them by  washing the dishes.

I am good at  washing the dishes.

I work hard so the dishes are very clean.

My mother and my father are happy that I help by  washing the dishes.

What Should I Bake?

What should I bake?

I  love to bake. I could bake all day long.

I bake cakes. I bake  cookies. I bake  pies.

Today, I can't think of what to bake.

Maybe I will bake a cake.

Maybe I will bake  cookies. Maybe I will bake a  pie.

What do you think I should bake?
